

## URANIUM & RARE EARTH ELEMENTS

- Geology
- Exploration
- Ore Body Modeling
- Resource Estimation
- Independent Technical Reports
- Valuations

*Red Tree Dyke, Westmoreland Project*

## CAPABILITY

Mining Associates is a specialist global geological and mining consultancy, with offices in Brisbane and Hong Kong.

We are a highly experienced, dedicated team of resource professionals working with a large network of recognized experts and advisers to the minerals industry (“Associates”) covering copper, gold, base metals, uranium, bauxite, nickel laterites, coal, iron ore, potash, phosphate and mineral sands.

We are dedicated to providing you with an understanding of the fundamental geological controls to add value to your project. The company undertakes high level work across a wide spectrum of mineral commodities, geological settings and mining methods on a diverse range of projects both within Australia and Internationally. We are focused on supplying specialist advice and world’s best practice products. We have a strong combination of “hands on” experience and practical implementation of the latest methods to provide our clients with the best solutions to their needs.

## RECENT PROJECT EXPERIENCE

- **Westmoreland, Australia** – Technical review, exploration recommendations, QP for resource definition drilling, resource estimation, NI43-101 technical report, mine plan and scheduling, scoping study team
