Gold panning, Philippines

CAPABILITY

Mining Associates is a specialist global geological and mining consultancy, with offices in Brisbane and Perth.

We are a highly experienced, dedicated team of resource professionals working with a large network of recognized experts and advisers to the minerals industry ("Associates") covering copper, gold, base metals, uranium, bauxite, nickel laterites, coal, iron ore, potash, phosphate and mineral sands.

The company undertakes high level work across a wide spectrum of mineral commodities, geological settings and mining methods on a diverse range of projects both within Australia and Internationally. We are focused on supplying specialist advice and world's best practice products. We have a strong combination of "hands on" experience and practical implementation of the latest methods to provide our clients with the best solutions to their needs.

ASSOCIATES' GOLD PROJECT EXPERIENCE

- **Plutonic Gold Mine (Au)** - site visit, structural mapping and training, review of grade control and reconciliation
